

Client Testimonials

"Since transferring our IP matters to Jonathan from an AMLaw25 law firm over three years ago, we could not be happier. He is incredibly smart, personable, and practical."

-CEO, therapeutics start-up

"His understanding of the start-up world and his business acumen are extremely strong."

-General Counsel, therapeutics start-up

"His practical advice has saved us time and time again, not only monetarily, but also by avoiding the many potential pitfalls of legal nuance at the most critical stages of foundational corporate development."

-President, therapeutics start-up

"Jonathan is one of a few outside patent lawyers who fully grasps the complex regulatory regime for pharmaceuticals ... his experience with both patent prosecution and patent litigation provides a unique 360° view."

-Senior Patent Counsel, big pharma

"Great in the courtroom, articulate, and quick on his feet."

-Senior Patent Counsel, big pharma
